PROMOTING STRONG, PROUD AND HEALTHY PARTNERSHIPS

Oxfam are committed to helping make a positive difference to the lives of Aboriginal and Torres Strait Islander People.

It's why we partner with producer groups such as Better World Arts (BWA). BWA work together with their artists to license artwork onto products such as wall hangings, bags, cushions, bookmarks and napery.

As well as the royalties paid to artists, a healthy, independent and sustainable business model is created.
